

INTERNATIONAL SIGNS PRACTICAL KIT EBOOK

The Turin Institution for the Deaf is ready to present a new adventure in which everyone can dive in!

INTERNATIONAL SIGNS PRACTICAL KIT is an e-book that doesn't pretend to be a complete course of language, but, as the name suggests, it aims to be ready for use, available in every situation and practical, like a handbag with everything we need in it.

The utopia of a common language for the whole humanity, the theme of the language confusion and the attempts of find a remedy thanks to the finding of an ancestral shared language or thanks to the invention of a new collective language, goes through the most of our history and culture. In effect, for a long time man questioned himself about language's origin, about the causes of its extraordinary fragmentation and about the possibilities to the overcoming of this problem by the creation of an artificial language.

In collaboration with the Italian-Greek Cultural Association for the training *microkosmos*

INTEGRATION THROUGH LEARNING

DISSEMINATION CONFERENCE
within the Erasmus+ project number
2014-1-ESO-1-KA204-004715

FONDAZIONE ISTITUTO DEI SORDI DI TORINO
Viale San Pancrazio, 65
10044 PIANEZZA (TO)

MODULES

DEM MODULE—Disability Etiquette Module

This module provides basic information to promote understanding of disability issues in different countries of the European Union and encourage formal and non-formal educators to improve their interaction and communication with people with disabilities and create a non-disabling learning and working environment.

RECOMMENDATIONS

Collection of good practice cases in order to give practical recommendations how to provide people with disabilities with a smoother transition from education to working place through various initiatives of the civil society organisations across Europe.

TRAINING COURSE

The aim of the training course is to increase employability of disabled persons as well as provide them with knowledge, skills, and attitudes to start their own business taking into account legislative requirements and cultural peculiarities of different European countries.
